\*Lyrics:\*

Verse 1:

We lace up our shoes, we hit the ground  
Our feet on fire, our spirits unbound  
We run with passion, with hearts full of cheer  
We're the Happy Runners, our adventure's clear

Chorus:

We're alive, we're on the move  
Our feet pounding out a rhythm, our hearts beating true  
We're unstoppable, untamed, and free  
Happy Runners, that's who we're meant to be

Verse 2:

Through mountains high, through valleys low  
We'll run together, wherever the road may go  
We'll chase the sunrise, we'll dance in the rain  
Our footsteps echoing, our laughter and joy sustained

Chorus:

We're alive, we're on the move  
Our feet pounding out a rhythm, our hearts beating true  
We're unstoppable, untamed, and free  
Happy Runners, that's who we're meant to be

Bridge:

We'll push our limits, we'll test our might  
We'll run with courage, through the dark of night  
We'll support each other, through every stride  
Together, we'll reach the other side

Chorus:

We're alive, we're on the move  
Our feet pounding out a rhythm, our hearts beating true  
We're unstoppable, untamed, and free  
Happy Runners, that's who we're meant to be
